Download Diwa Bonus APK for Android

New DiwaBonus slots app with Aviator, Chicken Road, a ₹5,000,000+ jackpot banner and 575% cashback for new players.

18+ only. Real-money games carry financial risk. Read the legal notice at the end of this page.

Diwa Bonus is a real-money slots app, and despite the name it has nothing to do with the Diwali bonus on a salary slip. Its own page spells it DiwaBonus, under a gold-on-black logo with a tricolour ribbon, and it has been live since early November 2026. Its pitch rests on big numbers: a "Mega Jackpot ₹5,000,000+" banner, a share card announcing "575% CASHBACK FOR NEW PLAYERS!", 200% cashback welcome gift packs and an invite reward of "up to ₹10,000".

None of those figures comes with published terms. So before the install steps, we take each offer apart: what kind of money it pays, what must be played through first and what you still need to ask. Then come the Diwa Bonus APK for Android, the browser version for iPhone, withdrawals from ₹100 and the official help channels.

Diwa Bonus, Not Diwali Bonus: Finding the Right App

Search for the name and most results are about festival salary bonuses, while several APK sites offer files under similar names. Three details identify the genuine one:

- The logo: "DiwaBonus .COM" in gold on black, with an orange, white and green ribbon below the name.
- The address: diwabonus.vip, with diwabonus.win showing the same page and diwabonus.com redirecting to it.
- The banner: "Mega Jackpot ₹5,000,000+" over "Big Wins · Fast Withdrawals · Trusted Platform", with a green "Download & Claim" button.

A file or page that fails any of these checks is not the Diwa Bonus app. Diwa Bonus belongs to the Diwa family listed on our Diwa games page , but its offers, wallet and support are its own.

Every Diwa Bonus Offer, Decoded

The official page and its share card display five separate rewards:

What the 575% cashback really means

Taken literally, 575% of a ₹100 recharge would be ₹575 on top of your own money. The share card stops at the headline: it does not say whether the figure is based on one deposit, several deposits or losses over a period, whether a cap applies, or how long you have to claim it. Whatever the formula, any payout lands as

bonus balance tied to a play-through target. The percentage tells you how much bonus you might see, not how much you can take out.

The 200% welcome gift packs

In most apps like this, gift packs are recharge bundles: you pay a set amount and get extra bonus balance with it, so a 200% pack would add bonus worth twice the price. The card promises "many" but lists no prices, so read each pack on the recharge screen before buying one.

The signup bonus

The official page names no rupee amount for joining. Our details table shows about ₹187, an approximate figure that can vary by player and is credited as bonus money, so it must be played through before it turns into withdrawable cash. Our guide to Yono bonuses explains how a play-through target shrinks an offer.

The invite reward of up to ₹10,000

"The more friends you invite, the bigger the bonus" suggests a ladder, with ₹10,000 as the top rung rather than a payment per friend. The page does not say whether a friend only has to register or must also recharge. Invites are tracked through the share link: when someone opens the official page from your link and taps download, the page copies your invite ID to their clipboard, and the app reads it to credit you. A friend who installs from a forwarded APK skips that step, so the invite may never count.

The jackpot numbers

₹5,000,000 is 50 lakh rupees. The page calls it a daily jackpot pool in one place and a prize "round-robined with more than ₹3,000,000 per round" in another. A pool is shared among everyone playing, not money reserved for you, and no odds are published, so treat it as a long shot that comes with normal play.

Before your first recharge, ask live chat five things: what the 575% is calculated on, the most it can pay, the play-through target, the time limit and which games count. Keep a screenshot of the reply.

Slots and Crash Games in the Lobby

Every Diwa Bonus game on the front page is a slot or a quick multiplier game. The "TOP GAMES" strip shows:

- Power of the Kraken: a sea-monster themed slot on the largest tile, placed in the centre with a HOT badge.
- Aviator: a crash game. A plane climbs, the multiplier rises with it, and you must cash out before it flies off or lose the stake.
- Chicken Road: a chicken crosses lanes of traffic. Each safe lane lifts the multiplier, you can collect after any of them, and one bad step ends the round.
- More slots partly hidden behind them: a jungle slot with a monkey, a gems slot showing 15X and "Super Win", and an Aztec themed slot.

The badge row lists a "Random Number Generator". If the games run on one, every spin and flight is independent, so Aviator "predictors" sold on Telegram cannot see the next result; our hacks and tricks guide explains why. Rounds settle in seconds, so set limits first with our responsible gaming page . More reel-led

apps are on our Yono slots games list .

Diwa Bonus Download: Android, iPhone and PC

Neither Google Play nor the App Store carries the app. The official page decides what to give you based on your device.

On Android (APK file):

- Tap Download Diwa Bonus APK near the top of this page. The button leads to the official DiwaBonus page by way of an invite link.
- When the gold and black page appears, tap the green "Download & Claim" button and let the file finish downloading.
- The page copies the invite ID to your clipboard at this moment, so avoid copying other text until the app is open.
- Tap the downloaded file. Should Android refuse it, give your browser permission to install unknown apps (the switch lives under Apps or Security, depending on the phone), then tap Install.
- Launch Diwa Bonus from your home screen and register.

On a computer: the official page shows a QR code. Scan it with your Android phone and follow the steps above.

On iPhone: the button opens a web (H5) version in the browser instead of downloading a file. You play right there, with nothing to install, and any App Store listing with a similar name is a different app. Adding the page to your home screen from Safari's share menu makes it quicker to reach.

For "App not installed" or "There was a problem parsing the package", see our install error fixes , while the Yono APK download guide covers the Android permissions.

Creating an Account and Logging In

Expect to register with a mobile number and a one-time password (OTP), in the app or the iPhone browser version. Use the name on your bank or UPI account, because a name mismatch is a common reason for rejected payouts. Missing codes and sudden logouts are covered in our login problems guide .

Deposits and Withdrawals

Recharges are made in the app's payment section, where any gift packs offered to your account also appear. Withdrawals start at ₹100, and the withdrawal screen shows the current minimum. For a first cash out, finish the play-through on any bonus you have used, make sure your UPI or bank name matches the profile, and start with a small amount.

The banner says "Fast Withdrawals" and a badge says "Instant Withdrawal", yet neither gives a time, and an app this new has no payout record. A request still pending after 24 hours is worth raising with live chat, order ID in hand. Our withdrawal guide decodes every payout status.

Diwa Bonus Customer Care and Official Channels

Six links sit at the foot of the official page:

- Live chat at chat.diwabonuschat.com, the place for account and payment questions.
- Telegram at t.me/diwabonus.
- A WhatsApp channel , which is one-way: you can read updates but not reply.
- Facebook, Instagram (diwabonusofficial) and YouTube (@DiwaBonus) for news and offer posts.

There is no phone number and no email. Anyone offering a "Diwa Bonus helpline" or asking for an OTP or UPI PIN to "release" a payout is not support. Our customer care guide shows how these fake helplines work.

When Something Goes Wrong

Should the app stop launching for good, our app not opening guide explains your options.

Is Diwa Bonus Safe? What Holds Up and What Does Not

The app is real in the plain sense: a working official page, a live APK download and six linked channels. What it lacks is a history. It went live in November 2026, so nobody can point to months of paid withdrawals, and several lines on its page are marketing, not evidence:

- "1Crore+ Trusted Users": ten million players is not a number an app this new could have reached.
- "ISO Certified Company": no certificate or certifying body is shown.
- "zero fraud guarantee" and "100% safe and secure transactions": promises with no terms behind them.
- "the biggest gaming app in India": a footer claim with nothing to back it.

None of this makes the app fake, but none of it should convince you either. Download only through the official page, keep your OTP and UPI PIN private, and see a ₹100 withdrawal reach your bank before recharging again. Our real or fake guide covers the red flags to watch for in an app's first months.

Even the footer admits users in some states "may not be able to access our App". Since 1 May 2026, offering or advertising online money games has been an offence under the Promotion and Regulation of Online Gaming Act, 2025. Banks can block payments to apps like this, and players have no licence, regulator or compensation scheme to fall back on. Our legal guide explains more.

- Aviator, Chicken Road and Power of the Kraken lead a slots and crash lobby
- Stacked offers: cashback, gift packs and invite rewards up to ₹10,000
- Android APK, a QR code for computers and a browser version for iPhone
- Six official channels, live chat included
- No published terms for the 575% or 200% cashback
- New since November 2026, with no payout track record
- Badge claims such as "1Crore+ Trusted Users" are unverified

- Real-money play falls under India's 2025 ban on online money games

The Bottom Line on Diwa Bonus

Diwa Bonus suits players who want slots and crash games and are drawn by offers. On paper the rewards are large, but the page explains none of them, so their real value is whatever the in-app terms say. Get those terms from live chat, keep the first recharge small and prove a ₹100 withdrawal before trusting it with more. What You Need to Play Diwa Bonus

Check your phone before you download the Diwa Bonus APK. These are general recommendations for Yono apps, not official figures from Diwa Bonus.

Diwa Bonus FAQs (Frequently Asked Questions & Answers)

New accounts get about ₹187, and the figure can differ between players. Because it is bonus money, it only becomes withdrawable after you meet its play-through target. The bonus section in the app shows your exact amount and rules.

It is a headline from the app's share card, with no published terms. Whatever it pays will be bonus balance that must be played through, not instant cash. Ask live chat what it is calculated on, the cap and the time limit before you recharge.

Yes, in the browser. On an iPhone the official page opens a web (H5) version instead of an app file, so you play in the browser. The APK is for Android only.

It is real in the sense that the official page is live, offers an APK download and links six official channels, but it has only been live since early November 2026 and claims such as "ISO Certified" are unverified. Try it with a small recharge and confirm that a ₹100 withdrawal arrives before going further.

No, not for real money. Online money games, real-money slots and crash games among them, are banned under the Promotion and Regulation of Online Gaming Act, 2025, whose rules came into force on 1 May 2026.

- Important Legal Notice

India's Promotion and Regulation of Online Gaming Act, 2025 bans offering, advertising and processing payments for all online money games. Its rules came into force on 1 May 2026, and some states restricted these games even earlier. Check the law that applies to you before you download or deposit. Read our legal guide .

What Players Say About Diwa Bonus

See why players choose Diwa Bonus through real experiences from our growing community.

I start with the game list. Diwa Bonus highlights Slots and lists the listed games in the lobby, so I would check the exact table and rules before choosing a game.

On Diwa Bonus, the page lists ₹187 signup bonus. I would read the eligibility, play-through and withdrawal conditions before treating the bonus as usable balance.

For cash-out planning, Diwa Bonus lists a ₹100 minimum withdrawal and support through Live chat, Telegram, WhatsApp, YouTube, Facebook, Instagram. I would confirm KYC and processing details before adding funds.
