Our record for Club INR is built from the directory pages: Yono Clubs category, up to â‚¹450, 57.9 MB. Coverage check: rummystores.com, allyonobonus.net (2 of 3).

Club INR is a Yono-style club lobby with several quick game types, so a fixed budget and a timer matter more than strategy. It is one of 2 Club-named listings here, ranked 1 by advertised ceiling inside that name group. A second listing helps compare Club INR, but both pages could repeat the same promotional copy.

The headline for Club INR is up to â‚¹450 (level with the Yono Clubs median of â‚¹450; rank 14 of 27). That ceiling is a promotional figure for Club INR, not a promise of what is credited.

Withdrawals start at â‚¹100 on the listing; payout routes mentioned: UPI, bank transfer.

A typical first session with Club INR goes: install, sign up with a mobile number, receive the offer (up to â‚¹450), then play or deposit. On KYC, the Club INR listing says: Quick registration, with ID/bank verification normally asked when you first cash out. Before putting money into Club INR, screenshot the offer terms and the rules for cashing out. The listing mentions UPI, bank transfer for payouts. Confirm in the Club INR Withdraw screen which of these is actually offered to you before you deposit.

The listed package for Club INR is 57.9 MB, heavier than the 42 MB median for Yono Clubs listings. It needs Android 5.0+. Listed version: 2.1 . What the listing says about updates to Club INR: No release date published; listing re-checked 15 Oct 2026.

Before downloading Club INR, ask who the page belongs to. Directory pages such as rummystores.com describe Club INR; they are not the publisher. Our download-source guide explains what to look at for Club INR (57.9 MB, Android 5.0+).

Remove the installer file once Club INR is on the phone, and turn the unknown-source setting back off.

Other Club-named listings and close matches by category: Diwa VIP (the same headline, 23.9 MB smaller, minimum Android 5.0+); Jaiho 91 (the same headline, 24.1 MB larger); EVER 777 Yono (a headline â‚¹50 higher, 14.9 MB smaller). Names close to Club INR suggest similar templates more often than similar payout behaviour; we do not assume either way.

Possibly suits readers who want to compare club-style lobbies before choosing anything, with a fixed budget and a timer. Anyone chasing losses, anyone under 18 and anyone who cannot verify the publisher should leave Club INR alone.

Everything above about Club INR comes from directory pages checked on 2026-10-15. Confirm figures in the app.

What the Club INR numbers can tell you

The advertised ceiling on Club INR is â‚¹450. The listed withdrawal floor is â‚¹100, about 22% of that ceiling. Reaching the floor is not the same as being able to withdraw the headline amount.

The listed file is 57.9 MB, 15.9 MB larger than the Yono Clubs median of 42 MB.

The listing names version 2.1. If the file you receive shows a different version on first launch, treat that as a different build of Club INR.

Two of the three directories we compare have a page for Club INR. They can still disagree on the bonus or the file size, so read both before treating either figure as settled.

Figures come from public listing snapshots we re-check. They are advertisements, not a payout we watched.
