On the directories we compare, Diwa Play shows up as a Slots & Arcade listing: up to â‚¹350, 47 MB, Android 6.0+. We found it on rummystores.com, alldiwa.com, so 2 of the 3 reference directories carry a page for it.

Slots-style rounds in Diwa Play are decided by chance, not skill; the useful questions are about payout terms and caps. Among the 17 Diwa-named listings, only the figures on each page tell them apart; this one ranks 12 on advertised bonus. Two directories (rummystores.com, alldiwa.com) is some cross-check on Diwa Play, not independent confirmation.

Up to â‚¹350 sits below the Slots & Arcade median of â‚¹450, ranking 16 of 24 in Slots & Arcade. A mid-range headline like up to â‚¹350 for Diwa Play can still hide a turnover multiple, so look for it on the offer screen.

Withdrawals start at â‚¹100 on the listing; payout routes mentioned: UPI, bank transfer and wallet payouts.

Before you register on Diwa Play, decide your deposit limit in â‚¹ and write it down. Sign-up is described as phone-number based, with the welcome headline of up to â‚¹350 for Diwa Play. Identity checks: Phone-number sign-up; PAN and bank proof are usually requested before the first withdrawal. Keep a copy of the Diwa Play terms screen so you can compare it later. The listing mentions UPI, bank transfer and wallet payouts for payouts. Confirm in the Diwa Play Withdraw screen which of these is actually offered to you before you deposit.

Diwa Play lists 47 MB, heavier than the 42 MB median for Slots & Arcade listings, and asks for Android 6.0+. The version field for Diwa Play is a rolling “Latest” label with no fixed number, so there is no build to match against. Update label for Diwa Play: No release date published; listing re-checked 15 Oct 2026.

The safest route for Diwa Play is the publisher's own site, not a forwarded file. A mirror of Diwa Play that cannot say who runs it is a reason to stop. Our download-source guide lists the steps for checking the Diwa Play file.

After installing Diwa Play, switch off "install unknown apps" for the browser you used and delete the APK.

If you are weighing Diwa Play against its neighbours: Diwa King (a headline â‚¹107 higher, a similar file size, minimum Android 5.0+); Diwa Slot (a headline â‚¹100 higher, 13 MB smaller, minimum Android 5.0+); Diwa 777 (a headline â‚¹100 higher, 2 MB smaller, minimum Android 5.0+). A shared name with Diwa Play does not prove a shared owner, so judge each listing on its own figures.

Who Diwa Play suits: people who already accept that slots are chance-only and want the terms laid out first. Diwa Play is not for you if the money matters, if you are under 18, or if the publisher stays anonymous after you check.

Everything above about Diwa Play comes from directory pages checked on 2026-10-15. Confirm figures in the app.

What the listing supports

- Payout routes are described: UPI, bank transfer and wallet payouts.
- Registration is described as a short phone-number flow.
- Listed on 2 of the 3 reference directories (rummystores.com, alldiwa.com), so figures can be cross-checked.
- Grouped under Slots & Arcade, so related apps are easy to browse.

Limits of this listing

- No independent check of fairness or payout speed that we could find.
- Distributed outside the Play Store, so updates are not automatic.
- The version is a rolling label, so you cannot confirm you have the file anyone reviewed.
- No company or registered address is named on the listings we read.

What the Diwa Play numbers can tell you

The advertised ceiling on Diwa Play is â‚¹350. The listed withdrawal floor is â‚¹100, about 29% of that ceiling. Reaching the floor is not the same as being able to withdraw the headline amount.

The listed file is 47 MB, 7.5 MB larger than the Slots & Arcade median of 39.5 MB.

The version line says Latest, with no build number. Two files can both be called Diwa Play and still not be the same build.

Two of the three directories we compare have a page for Diwa Play. They can still disagree on the bonus or the file size, so read both before treating either figure as settled.

Figures come from public listing snapshots we re-check. They are advertisements, not a payout we watched.

Closest Slots & Arcade listings

The three listings in this group with the nearest advertised bonus. Every figure is that app's own claim.

Things to check before you install

Check level: Extra On our checklist, Diwa Play comes to 5 of 9, which is the extra level.

What we noticed in the listing

- Format: chance-based or club-style lobby (quick rounds, so a budget helps)
- No fixed build number published, so a file cannot be matched to a release
- No release date published, only our re-check date

Worth knowing

- The headline up to â‚¹350 is not the amount Diwa Play credits; screenshot the credit screen at once.
- Refer-and-earn in Diwa Play asks you to invite friends; never share OTPs or contact lists.

Details that would help

- A fixed version number tied to a release date
- A withdrawal result for Diwa Play that you can see in the app

Based on listing data and public information. How check levels work Â· Report or correct

Diwa Play: install and wallet checks

- Download only from a host you can name. Listed size for Diwa Play is 47 MB â€” a large gap is a stop sign.
- No fixed build is published for Diwa Play; after install, compare package name and size in App info. Listings say: phone-number sign-up; PAN and bank proof are usually requested before the first withdrawal
- Screenshot the offer (Up to â‚¹350) and the Withdraw floor (â‚¹100) before any deposit. Match UPI or bank holder name to registration. Cap spins or minutes before raising stake.

Headline: up to â‚¹350. File: 47 MB. Android 6.0+. Directory coverage is 2 of 3, which makes these figures promotional claims; check level Extra.

The listed floor for Diwa Play is â‚¹100; payouts are described as UPI, bank transfer and wallet payouts. Whether it applies to bonus money, and whether KYC comes first, is not shown.

Safety cannot be read off a directory page. Confirm the publisher of Diwa Play, compare the package name after install, and refuse permissions a card game does not need.

No release date is published for Diwa Play; we only record that the listing was re-checked on 2026-10-15.

Diwa Play lists 47 MB, a rolling build label, and Android 6.0+. A mismatch between your download and the 47 MB listed for Diwa Play is a reason to be wary.
