Editorial Correction Policy (संपादकीय सुधार नीति)

OVERVIEW

Editorial correction policy for yonogames.co.in. Verification procedures, accuracy standards, bonus update protocols, and reader error reporting mechanisms.

1. Commitment to Accuracy & Fact-Checking

At yonogames.co.in , we take pride in providing accurate, physically verified information about Android card gaming APKs. Mobile apps update frequently: bonus amounts change, APK versions increment, and withdrawal minimums adjust.

Our Editorial Correction Policy ensures that whenever factual inaccuracies or outdated metrics are identified, they are corrected promptly and transparently.

2. How to Report an Error

If you notice an outdated bonus figure, a non-working APK link, or a discrepancy in our hardware benchmarks, please report it to our editorial desk:

3. Correction Standards & Update History

When a factual correction is made, we update the page metadata, re-verify the APK on our bench phones in New Delhi, and log the revision date in our structured Schema.org markup.
