Spin and slots app from the Diwa series with a signup bonus, fast withdrawal claims and six support channels.

18+ only. Real-money games carry financial risk. Read the legal notice at the end of this page.

Diwa Spin brings the spin format to the Diwa series. Its official share card invites you to "play the most popular slot games", promising a great bonus, fast withdrawal and safe payment, and the website adds the series line "earn daily rewards while you play". The logo says the rest: a gold crown, playing cards and a slot reel spelling SPIN.

The Diwa Spin APK suits players who like quick reel games but want the familiar Diwa wallet. Here is how to install it, what the signup bonus of around ₹143 is worth and how withdrawals work.

What Is Diwa Spin?

Diwa Spin is an Android app from the Diwa family, installed as an APK from its official site, diwaspin.one, not from the Google Play Store. The site has a direct download, a QR code for installing from another screen and an 18+ notice. Accounts run on a mobile number and OTP, with one wallet for every game.

Support is one of its strong points. Diwa Spin has live chat on diwaspinchat.com plus official Telegram, WhatsApp, Facebook, Instagram and YouTube channels.

Diwa Spin Features

- Spin and slot games at the heart of the lobby.
- Daily rewards for regular play, on top of the welcome offer.
- Signup bonus of around ₹143, approximate and different for each player.
- ₹100 minimum withdrawal to UPI or a bank account.
- Six official channels for help and announcements.

How to Download Diwa Spin APK

- Tap the Download button at the top of this page to open the official Diwa Spin site.
- Download the APK there and wait until it has fully saved.
- If Android blocks the file, allow your browser to install unknown apps.

- Open the APK, tap Install and launch Diwa Spin.
- Register with your mobile number and OTP, then collect the signup bonus.

Getting More From Spin Games

Spin games settle in seconds, so your stake decides how long a session lasts. Before you start, divide your budget by your stake to see how many spins you really have. Lower-volatility games pay small wins more often and suit a bonus balance best; save the high-volatility machines for when you know the app. And when a spin pays well, move part of it to your withdrawable balance instead of spinning it all again.

Diwa Spin Bonus

The signup bonus of around ₹143 arrives as bonus balance with a wagering rule attached. Play it through on small stakes before trying to withdraw winnings from it. Daily rewards usually follow the same rule. Our Yono bonus guide shows how wagering works in practice.

Diwa Spin Withdrawals

Withdrawals start at ₹100. Use a UPI ID or bank account in your own name, request a small amount first and keep the order ID until the money arrives. If it stays pending, send the order ID to live chat. The withdrawal guide explains each status.

Is Diwa Spin Safe?

Diwa Spin has a real official site and six active channels, but it is not licensed in India, and real-money games are banned under the Promotion and Regulation of Online Gaming Act, 2025. Install only from the official site, never share an OTP or UPI PIN, and test a ₹100 withdrawal before depositing more. Our real or fake checklist lists the warning signs.

- Spin and slot games with daily rewards
- Signup bonus for new players
- Live chat plus five official social channels
- Fast games use up a balance quickly
- APK install only
- Real-money gaming is banned in India
