Rummy-first Diwa app with classic card games, a signup bonus and six official support channels.

18+ only. Real-money games carry financial risk. Read the legal notice at the end of this page.

Most Diwa apps lead with slots. Diwa Rummy is the exception. Its official share card says the app holds "hundreds of popular classic games" with high bonuses waiting, and the name tells you which classic comes first: 13-card rummy, backed by Teen Patti and other card tables.

If you like the Diwa layout but would rather play cards than spin reels, this is the app in the series built for you. Below we cover the install steps, the signup bonus of around ₹131, withdrawals and a few rummy habits that make a bonus last longer.

Diwa Rummy at a Glance

Diwa Rummy is an Android APK from the Diwa family, downloaded from its own website (diwarummy.one) instead of the Play Store. The site keeps things simple: a download button, a QR code and an 18+ notice. Your account works on a mobile number and OTP, with one wallet for every table.

It also has the widest support setup in the newer Diwa apps: live chat on cs.diwarummychat.com, a Telegram channel, a WhatsApp channel, Facebook, Instagram and YouTube.

How to Download Diwa Rummy APK

- Use the Download button at the top of this page to reach the official Diwa Rummy site.
- Tap download there and let the APK finish saving.
- Allow "Install unknown apps" for your browser if Android asks.
- Open the file and tap Install.
- Register with your mobile number and OTP, then open the bonus section to see your signup bonus.

Rummy Tips for Diwa Rummy

Rummy rewards patience more than any slot. A few habits help on any rummy app:

- Build a pure sequence first. You cannot declare without one, so make it your first goal in every deal.
- Drop high cards early. Kings, queens and jacks cost the most points if you lose with them in hand.
- Watch the discard pile. The cards your opponents pick up tell you which runs they are building.

- Use the first drop wisely. Folding a bad hand at the start costs far fewer points than playing it out.

Diwa Rummy Bonus

New accounts get a signup bonus of around ₹131, approximate and different for each player. It arrives as bonus balance, so you play it through under the app's wagering rule before winnings from it can be withdrawn. Rummy tables are a sensible place to use it, because a careful player can stretch a small balance over many deals. See our Yono bonus guide for how wagering works.

Withdrawals From ₹100

Diwa Rummy pays out from ₹100 to a UPI ID or bank account. Keep the name on that account the same as your profile, finish any bonus wagering first, and note the order ID of every request. If a payout stalls, live chat is the quickest route. Our withdrawal guide explains what each status means.

Is Diwa Rummy Safe?

The official site and its six channels are genuine, but Diwa Rummy is not licensed in India and real-money games are banned under the Promotion and Regulation of Online Gaming Act, 2025. Keep deposits small, never share an OTP or UPI PIN, and read our real or fake checklist before you add money.

- Rummy and classic card games come first
- Six official support channels, including live chat
- One Diwa wallet for every table
- Fewer slots than most Diwa apps
- APK install only
- Real-money gaming is banned in India
