HI Rummy — Play Rummy with Friends & Real Players • Instant Cash Games

- Version 8.1 · 72MB

What is HI Rummy APK

HI Rummy is a modern online rummy platform designed for Indian players who enjoy fast-paced, skill-based gameplay with a strong social element. Unlike traditional rummy apps that focus only on competition, HI Rummy encourages interaction — you can invite friends, chat during matches, and join community tournaments.

The platform offers multiple rummy formats including Points Rummy, Pool Rummy, and Deals Rummy, all running on a certified Random Number Generator (RNG) to ensure fair play. With a clean interface and low device requirements, HI Rummy is accessible to both new and experienced players.

HI Rummy App Features

- Invite & Play with Friends Create private tables and invite friends directly from your contact list. Perfect for casual games with people you know.
- ₹51 No-Deposit Welcome Bonus New users receive ₹51 instantly after registration — no deposit required. Use it to join cash games and tournaments.
- Daily ₹100 Free Tournaments Every day, HI Rummy hosts free-entry tournaments with ₹100 prize pools. A great way to practice and win real money.
- Lowest Withdrawal in Its Category Minimum withdrawal is just ₹100 — one of the lowest among social rummy apps. Withdrawals are processed via UPI, Paytm, and bank transfer.
- Fast Gameplay & Low Data Usage Each match is optimized for quick loading and minimal data consumption, making it ideal for 4G and 5G networks across India.

HI Rummy Withdrawal Rules

In HI Rummy, the minimum withdrawal amount is ₹100 , which is lower than many competing rummy apps. This makes it accessible for casual players who want to cash out small winnings quickly.

Only winnings from cash games and tournaments can be withdrawn. Bonus amounts (like the ₹51 welcome bonus) cannot be withdrawn directly but can be used to play — any winnings earned from bonus play become withdrawable.

Withdrawal requests are typically processed within 30 minutes to 2 hours . During peak times, it may take up to 24 hours. If a withdrawal fails, the amount is automatically returned to your wallet within 24 hours. Always check your transaction history before contacting support.
