Download INR Slots APK for Android

Rupee-focused slots app with a small signup bonus, UPI withdrawals from ₹100 and a simple slot lobby.

18+ only. Real-money games carry financial risk. Read the legal notice at the end of this page.

INR Slots wears its currency in its name. It is a slots app built around rupee play: small stakes, UPI deposits and withdrawals that start at ₹100. For new players there is a signup bonus of around ₹91, enough to try a few machines before any of your own money is on the line.

Slots are also where budgets disappear fastest, so this guide is half install steps and half money sense. You will find how to get the latest INR Slots APK link, how the bonus works and how to keep a session under control.

## What Is INR Slots?

INR Slots is an Android slots app from the wider Yono family. It installs as an APK, not from the Google Play Store, and uses a mobile number and OTP for signup. The lobby is built around slot games. Deposits and payouts run through UPI or a bank account.

Do not mix it up with Club INR or INR Rummy , two other apps on our list that share the "INR" label but not the same lobby.

## How to Download INR Slots APK

- Tap the Download button near the top of this page.
- Open the link, check the INR Slots name and logo, and download the APK.
- Allow installs from your browser if Android blocks the file.
- Install it and confirm the installer shows INR Slots.
- Sign up with your mobile number and OTP and collect the signup bonus.

## Managing a Rupee Budget on Slots

Slots run fast, often a spin every two or three seconds. That speed is fun and dangerous at the same time. Four habits help:

- Set a session budget in rupees before you open the app, and stop when it is gone.
- Divide the budget by your stake. ₹100 at ₹2 a spin is 50 spins, not an evening.

- Prefer lower volatility slots while you play with the bonus; they pay small wins more often.
- Withdraw part of any big win straight away instead of spinning it back.

## INR Slots Bonus

The signup bonus is around ₹91 and can vary by player. It is bonus balance with a wagering rule, so it cannot be withdrawn directly. Spread it over small spins to see how the machines behave. Our Yono bonus guide explains wagering with a worked example.

## INR Slots Withdrawals

Payouts start at ₹100 to a UPI ID or bank account in your own name. Finish any wagering, request a small first withdrawal and keep the order ID. If a request stays pending, contact support with that ID; our withdrawal guide explains each status.

## Is INR Slots Safe?

Treat INR Slots like any Yono app: install only from a trusted link, never share your OTP or UPI PIN, and test a small withdrawal before you deposit more. It is not licensed in India, where real-money slots are banned under the Promotion and Regulation of Online Gaming Act, 2025. See our real or fake checklist .

- Simple, slots-first lobby
- Small signup bonus to try the machines
- UPI withdrawals from ₹100
- Easy to confuse with Club INR and INR Rummy
- Slots burn through a balance quickly
- Real-money gaming is banned in India

## What Players Say About INR Slots

See why players choose INR Slots through real experiences from our growing community.

I start with the game list. INR Slots highlights Slots games and lists the listed games in the lobby, so I would check the exact table and rules before choosing a game.

On INR Slots, the page lists ₹91 signup bonus. I would read the eligibility, play-through and withdrawal conditions before treating the bonus as usable balance.

For cash-out planning, INR Slots lists a ₹100 minimum withdrawal and support through the support options. I would confirm KYC and processing details before adding funds.
