How to Play Game Rummy (The "Pro-Gamer" Manual)

In Game Rummy , skill is your only weapon. Here's the quick strategy to dominate the lobby:

- The Setup: You get 13 cards. Use the Auto-Group feature to organize your hand instantly and spot your winning combinations.
- The Mission: Lock in a Pure Sequence (3+ cards, same suit, no Joker). This is your base—without it, your score is 80!
- The Synergy: Create your second sequence and sets using Jokers as "Wildcards" to fill the gaps.
- The Finish Line: Drag your 14th card to the 'Finish' slot and declare. In Game Rummy, speed and accuracy earn you the top spot on the leaderboard!
