Download Jaiho Play APK for Android

Newest app in the Jaiho series, with a signup bonus of about ₹550 and withdrawals from ₹100.

18+ only. Real-money games carry financial risk. Read the legal notice at the end of this page.

Jaiho Play is the newest name in the Jaiho family of Yono apps, the series behind Jaiho Win , Jaiho Arcade and Jaiho 91 . You can spot it straight away: gold JAIHO letters with a red 3D edge sit above a silver slot reel that spells PLAY, on a green card-table background. New accounts get a signup bonus of about ₹550, and withdrawals start at ₹100.

Before you install the Jaiho Play APK , it pays to know how that bonus really works, how cash outs reach your UPI ID or bank account, and how to tell the real app from the copies that follow every popular Jaiho name. This guide covers all three, along with the install steps.

Jaiho Play in the Jaiho Series

"Jaiho" comes from the "Jai Ho" victory cheer, and each app in the series adds a word that hints at its focus. Jaiho Rummy is built around rummy tables, Jaiho Slots and Jaiho Spin around reels, and Jaiho 777 around classic 777 machines. "Play" is the broadest name in the family, a fit for an all-round app rather than a single game type.

Jaiho apps share one style of lobby: rummy and Teen Patti tables, Dragon vs Tiger, Andar Bahar, 7 Up Down, Ludo and slots, all paid from one wallet. Here is how the Jaiho Play offer compares with the rest of the series. Signup amounts are approximate and can vary by player:

At about ₹550, Jaiho Play has the largest signup figure in the series, while its ₹100 minimum withdrawal matches every other Jaiho app.

Jaiho Play Signup Bonus: About ₹550

The Jaiho Play signup bonus is worth about ₹550 for a new account. The exact figure can vary from player to player, so check the bonus screen after you register. Like every Yono welcome offer, it arrives as bonus balance, not cash: you play it through under the app's wagering rule, and only the winnings left after that move to your withdrawable balance.

A few habits get more out of it:

- Read the wagering rule first. It tells you how much play the bonus needs before anything can be withdrawn.

- Use it on games you know. Rummy or Teen Patti tables you understand stretch a bonus further than the fastest crash round.
- Keep to one account. A second account on the same phone, UPI ID or bank account usually ends with both blocked.

Our Yono bonus guide shows with a worked example what a signup bonus is worth once wagering is applied.

Jaiho Play Withdrawals From ₹100

The minimum withdrawal in Jaiho Play is ₹100, paid to a UPI ID or bank account saved in your wallet. Three checks before the first request prevent most problems:

- The name on your UPI ID or bank account matches the name on your profile.
- Any bonus wagering is complete, because bonus balance cannot be withdrawn.
- The first request is small, and you keep its order ID until the money arrives.

If a payout stays pending for longer than the time the app shows, message support with the order ID. Our withdrawal guide explains each payout status and how long to wait before you follow up.

How to Download Jaiho Play APK

Jaiho Play is an Android app that installs from an APK file rather than the Google Play Store, like every Jaiho app. The whole process takes a couple of minutes:

- Open the official Jaiho Play page.
- Check that it shows the Jaiho Play name and the gold JAIHO logo with the PLAY reel, then tap its download button and let the APK finish saving.
- If Android blocks the file, open Settings and allow "Install unknown apps" for your browser.
- Open the APK, confirm the installer says Jaiho Play, and tap Install.
- Register with your mobile number and OTP, choose a password you do not use anywhere else, then open the bonus section to see your signup bonus.

If the install stops with "App not installed", our APK install error fixes cover storage, older builds and blocked installs, and the Yono games APK guide goes through the full process.

How to Spot a Fake Jaiho Play APK

Popular Jaiho names attract copies, and a fake installer can carry adware or steal the OTPs that protect your accounts. These signs give one away:

- A different logo or name. The real icon shows gold JAIHO lettering over a PLAY slot reel. If the installer shows any other name, cancel.

- A forwarded file. An APK passed around in Telegram groups, comments or video descriptions is not the official download.
- A fee to join. No genuine app charges a registration fee or asks for a deposit before you can sign up.
- Requests for your OTP or UPI PIN. Real support never needs them.
- Detours. A link that bounces through several pages, or asks you to install a "helper" app first, is not the official page.

If you installed a file like this, uninstall it, change any password you typed into it and watch your bank and UPI alerts for a few days.

Is Jaiho Play Safe?

As the newest app in the series, Jaiho Play has the shortest track record in the Jaiho family, so start carefully:

- Install only from the official page, never from a forwarded file.
- Begin with a small deposit and prove that a ₹100 withdrawal works before you add more.
- Keep the order ID of every deposit and payout.
- Never share your OTP or UPI PIN, not even with "support" on WhatsApp.

Real-money gaming is also a legal question. India's Promotion and Regulation of Online Gaming Act, 2025 bans online money games, and its rules have applied since 1 May 2026. Read our legal guide and the real or fake checklist before you deposit in any Yono app.

Pros and Cons

- Signup bonus of about ₹550, the largest in the Jaiho series
- Withdrawals from ₹100 to UPI or a bank account
- Same family as Jaiho Win, Jaiho Arcade and Jaiho 91
- The newest Jaiho app, so it has the shortest track record
- A popular name, which makes copied APK files a real risk
- Real-money gaming is banned in India

Should You Install Jaiho Play?

If you already play a Jaiho app, Jaiho Play will feel familiar: the same style of wallet and lobby, with a bigger signup figure. Install it only from the official page, treat the ₹550 as a trial balance rather than income, and check the law where you live first. What Players Say About Jaiho Play

I start with the game list. Jaiho Play highlights Multi-game games and lists the listed games in the lobby, so I would check the exact table and rules before choosing a game.

On Jaiho Play, the page lists ₹550 signup bonus. I would read the eligibility, play-through and withdrawal conditions before treating the bonus as usable balance.

For cash-out planning, Jaiho Play lists a ₹100 minimum withdrawal and support through the support options. I would confirm KYC and processing details before adding funds.
