What the YN Rummy numbers can tell you

The advertised ceiling on YN Rummy is â,¹401. The listed withdrawal floor is â,¹100, about 25% of that ceiling. Reaching the floor is not the same as being able to withdraw the headline amount.

The listing names version 1.0.1. If the file you receive shows a different version on first launch, treat that as a different build of YN Rummy.

One of the three directories we compare has a page for this name. A second page quoting the same size and the same â,¹401 is the cross-check this listing does not have.

Offer screens sometimes hide the wagering multiple. Copy that number from YN Rummy before you treat â,¹401 as cash. How wagering works .

Figures come from public listing snapshots we re-check. They are advertisements, not a payout we watched.
