How to Play "Indo Rummy" Tradition

Indo Rummy brings the traditional card room experience straight to your mobile. Here is how to play the "Bhartiya" way:

- The Sorting (Sahi Kram): You are dealt 13 cards. Arrange them quickly using the 'Sort' button to group them by suits.
- The Foundation (Pure Sequence): Every win begins with a Pure Sequence. You must have at least one (e.g., J♠-Q♠-K♠) without using any Joker. It's the mark of a true master!
- The Combination: Form a second sequence (can be with a Joker) and then fill the rest with valid Sets.
- The Victory (Vijay): Once your 13 cards are validly grouped, finish the game and declare. On Indo Rummy, your skill earns you more than just respect—it earns you real cash!
