OVERVIEW

Read card-game guides by Rohan Kulkarni, RummyGameList's rules pen name, covering Indian Rummy, sequences, Jokers and Teen Patti terms.

Explaining Indian card-game rules one round at a time.

About Rohan Kulkarni

Rohan Kulkarni is an editorial pen name used by the RummyGameList content team for rules and gameplay coverage. This profile represents the Card Game Rules Editor role responsible for explaining Indian Rummy, Teen Patti and related terminology in a clear, structured format.

Guides under this byline answer common beginner questions, including how sequences are formed, how Jokers are used, what makes a declaration valid and how a round progresses. Teen Patti coverage includes hand rankings and the common terms Blind, Seen, Chaal, Pack, Show and Side Show.

Standard rules are separated from app-specific variations because platforms may use different table limits, scoring systems or optional rules. When an explanation depends on a particular format, the article identifies that limitation rather than presenting it as universal.

How this byline is assigned

Rohan's byline is used for rules education. Guides should define the format first, show a concrete example and label app-specific or regional variations instead of presenting them as universal rules.

Published pages follow the RummyGameList editorial policy , show a revision date and provide a correction route. A byline identifies editorial responsibility; it is not evidence that every listed App was installed or used.
