Download Rummy 365 APK for Android

Rummy-first Yono app with a ₹100 bonus, 60+ games and the same support channels as Share Slots.

18+ only. Real-money games carry financial risk. Read the legal notice at the end of this page.

Rummy 365 takes its name from the idea of a rummy table that never closes. The official page greets you with "Join in Rummy 365!", offers new players "Get 100 Bonus" and promises 60+ games, led by 13-card rummy and Teen Patti.

One detail sets it apart: the support links on the official page go to the Share Slots team. Its Telegram, Facebook, Instagram and YouTube buttons all open Share Slots channels, so the Rummy 365 APK looks like a sister app of Share Slots , run by the same people. Below you will find the install steps, the bonus, withdrawals and what that link means for you.

Rummy 365 and Share Slots

On most Yono apps, every channel carries the app's own name. Rummy 365 is different. Its live chat runs through 365yono.com, while Telegram, WhatsApp, Facebook, Instagram and YouTube all point to Share Slots accounts.

What that means in practice:

- When you message support, the replies come from the Share Slots channels. That is expected, not a scam.
- Announcements about Rummy 365 may be posted alongside Share Slots news.
- If you already use Share Slots, ask support whether one phone number can hold accounts on both apps before you register twice.

How to Download Rummy 365 APK

- Tap the Download button near the top of this guide to open the official "Join in Rummy 365!" page.
- Use its download button and let the APK save fully.
- Allow your browser to install unknown apps when Android asks.
- Install the APK, open Rummy 365 and sign up with your mobile number and OTP.
- Check your wallet for the ₹100 bonus.

The page also runs on numbered mirrors such as rummy3651.com and rummy3652.com. If one does not load, the button on this guide always points to a working page.

Rummy on Rummy 365

The lobby puts points rummy up front, with Teen Patti, Texas Poker, Domino, Ludo, Dragon & Tiger, Andar Bahar and 7 Up Down alongside. To make the bonus last at the rummy tables:

- Aim for your pure sequence before anything else.
- Shed high-value cards when your hand is going nowhere.
- Use the first drop on a weak opening hand instead of playing it out.
- Pick low-stake tables until you know how fast the opponents play.

Our how to play rummy guide covers the rules in full.

Rummy 365 Bonus and Withdrawals

The ₹100 bonus is advertised on the official page and arrives as bonus balance. Wager it under the app's rule before winnings from it can be withdrawn; our Yono bonus guide explains how that works.

Withdrawals start at ₹100 and go to a UPI ID or bank account in your name. Request a small amount first and keep the order ID. The withdrawal guide explains what pending and failed mean.

Is Rummy 365 Safe?

The official page and its shared channels are real, but Rummy 365 is not licensed in India, and real-money rummy is banned under the Promotion and Regulation of Online Gaming Act, 2025. Never share an OTP or UPI PIN, keep deposits small, and check our real or fake checklist before you play.

- Rummy-first lobby with 60+ games
- Official ₹100 bonus for new players
- Six support channels shared with Share Slots
- Support replies come from Share Slots accounts
- Several mirror domains to keep track of
- Real-money gaming is banned in India

Is Rummy 365 Worth Installing?

For rummy players, yes, as long as you treat the bonus as practice money. If you want more choice, our rummy apps list compares every rummy-first app we cover.
