The starting point

Rummy Camp treats rummy as a game of hand management. Sorting the thirteen cards early, tracking discards and counting deadwood matter more than speed.

Whoever you are in this for, the app treats the entry decision as the important one: everything on the main screen exists to make that comparison easier.

What decides a round

Each table lists its stake and format before entry. Points formats settle at the end of a deal on the deadwood left in each losing hand; pool formats knock players out as their totals climb. Confirm which one you have joined, because the right moment to declare differs between them.

Stakes and entry costs appear on the same card as the join button, which removes most of the guesswork from choosing.

From lobby to table

The main screen carries three things: the catalogue, the balance, and the account menu. Everything else — history, help, preferences — hangs off those.

Opening moves

Start with the DOWNLOAD button, then confirm the install when Android asks. The current listing is 4.6.3, around 51 MB — modest enough for most devices, with some data overhead beyond that.

Features you will notice first:

- Launch the app and sign in or register
- Check the balance display before playing
- Keep the first session short by design

Account details and checks

Under-18 accounts are not permitted, and adults should keep both the app and its payment methods out of reach of minors.

A note on pace and spending

A comfortable session has three fixed points: a spend ceiling, a time ceiling, and an exit that you choose rather than the balance choosing for you.

What to expect from a payout

A payout request needs a withdrawable balance of ₹150 or more, with UPI and Bank Transfer as the available routes. The confirmation screen shows everything that will happen to the request — fees, destination, method — before it is submitted. From there, timing follows the method and standard checks.

The ₹60 welcome bonus

Newly registered accounts that pass the eligibility check can be credited a ₹60 welcome bonus. The associated terms specify activation steps, game eligibility and the use-by date. The credit lands in a bonus balance, distinct from the withdrawable total.

Common questions

Yes, eligible first-time accounts can receive ₹60. The terms attached to the offer govern its use and validity, and they appear before any claim is confirmed. Until its conditions are met, the credit remains bonus balance.

Some formats offer practice entry; where it exists it is marked on the card. Otherwise, the rules screen plus a minimum-stake first round serves the same purpose.

Starting out is three taps in spirit: DOWNLOAD, install, open. The app you get is version 4.6.3 at approximately 51 MB.

The app's content is quick rummy deals designed so a single round can be reviewed from deal to declaration; around that core sit lobby navigation, an account menu and payment screens. New users are best served by browsing the rules cards first.

Withdrawals start at ₹150 and travel by UPI and Bank Transfer. Bonus-related requirements can hold part of the balance, and processing follows the selected route without fixed turnaround promises.
