What the listings give for Rumble Rummy: category Rummy, a headline offer of up to â‚¹450, Android 5.0+ as the minimum system and a 61 MB package. We found it on rummystores.com, alldiwa.com, allyonobonus.net, so 3 of the 3 reference directories carry a page for it.

The listings describe Rumble Rummy as a rummy table app. Rummy is a skill-and-luck game, but the money terms of Rumble Rummy still vary by operator. Among the 2 Rumble-named listings, only the figures on each page tell them apart; this one ranks 1 on advertised bonus. Three directories (rummystores.com, alldiwa.com, allyonobonus.net) carrying Rumble Rummy makes it easier to cross-check, though they may all repeat one source.

Up to â‚¹450 sits level with the Rummy median of â‚¹450, ranking 10 of 30 in Rummy. A mid-range headline like up to â‚¹450 for Rumble Rummy can still hide a turnover multiple, so look for it on the offer screen.

Listed withdrawal floor: â‚¹100, with payouts described as UPI, Paytm and bank transfer.

Before you register on Rumble Rummy, decide your deposit limit in â‚¹ and write it down. Sign-up is described as phone-number based, with the welcome headline of up to â‚¹450 for Rumble Rummy. Identity checks: Mobile OTP login; expect a PAN or bank-account check at the first payout request. Keep a copy of the Rumble Rummy terms screen so you can compare it later. The payout routes named are UPI, Paytm and bank transfer; use a UPI ID or bank account held in your own name, since a name mismatch is a common reason a first withdrawal stalls.

Rumble Rummy lists 61 MB, heavier than the 44.5 MB median for Rummy listings, and asks for Android 5.0+. The listings show version 1.6.5. Update label for Rumble Rummy: Sep 24, 2026 (date label on allyonobonus.net).

The safest route for Rumble Rummy is the publisher's own site, not a forwarded file. A mirror of Rumble Rummy that cannot say who runs it is a reason to stop. Our download-source guide walks through the checks to run on Rumble Rummy before you open it.

After installing Rumble Rummy, switch off "install unknown apps" for the browser you used and delete the APK.

Closest matches in our directory, including same-name siblings: Max Rummy (the same headline, 27 MB smaller); Love Rummy (a headline â‚¹301 lower, a similar file size); Rummy Zip (a headline â‚¹10 higher, 10 MB smaller). A shared name with Rumble Rummy does not prove a shared owner, so judge each listing on its own figures.

Rumble Rummy may suit readers comfortable with rummy scoring who want to read cash terms before depositing. Rumble Rummy is not for you if the money matters, if you are under 18, or if the publisher stays anonymous after you check.

Source: listings read on 2026-10-15 (rummystores.com, alldiwa.com, allyonobonus.net). Figures may have changed since.

What the listing supports

- Listed on 3 of the 3 reference directories (rummystores.com, alldiwa.com, allyonobonus.net), so figures can be cross-checked.
- Grouped under Rummy, so related apps are easy to browse.
- Payout routes are described: UPI, Paytm and bank transfer.
- Registration is described as a short phone-number flow.

Limits of this listing

- No independent check of fairness or payout speed that we could find.
- No company or registered address is named on the listings we read.
- Wagering, expiry and caps for the up to â‚¹450 offer are not shown.
- Distributed outside the Play Store, so updates are not automatic.

What the Rumble Rummy numbers can tell you

The advertised ceiling on Rumble Rummy is â‚¹450. The listed withdrawal floor is â‚¹100, about 22% of that ceiling. Reaching the floor is not the same as being able to withdraw the headline amount.

The listed file is 61 MB, 16.8 MB larger than the Rummy median of 44.3 MB.

The listing names version 1.6.5. If the file you receive shows a different version on first launch, treat that as a different build of Rumble Rummy.

All three directories we compare have a page for Rumble Rummy. Matching headlines are still advertisements - useful context, not a watched payout.

Figures come from public listing snapshots we re-check. They are advertisements, not a payout we watched.

Things to check before you install

Check level: Standard On our checklist, Rumble Rummy comes to 3 of 9, which is the standard level.

What we noticed in the listing

- Format: card or board game with some player decisions
- No company or address shown for the publisher

Worth knowing

- A UPI or bank name that does not match your Rumble Rummy account is a common reason a first payout stalls.
- Per-day or per-week withdrawal caps can sit far below the balance shown in Rumble Rummy.

Details that would help

- A named company, address and grievance contact for Rumble Rummy
- A withdrawal result for Rumble Rummy that you can see in the app

Rumble Rummy: install and wallet checks

- Download only from a host you can name. Listed size for Rumble Rummy is 61 MB â€” a large gap is a stop sign.
- Confirm version 1.6.5 (or note the update) and the package name in App info. Listings say: mobile OTP login; expect a PAN or bank-account check at the first payout request
- Screenshot the offer (Up to â‚¹450) and the Withdraw floor (â‚¹100) before any deposit. Match UPI or bank holder name to registration. Try a low-stake or practice table first to see fee and rake lines.

Rumble Rummy advertises up to â‚¹450 with a listed size of 61 MB and version 1.6.5. It appears on 3 of 3 reference directories, so treat the figures as claims; our check level is Standard (3 of 9).

The listed floor for Rumble Rummy is â‚¹100; payouts are described as UPI, Paytm and bank transfer. Whether it applies to bonus money, and whether KYC comes first, is not shown.

Safety cannot be read off a directory page. Confirm the publisher of Rumble Rummy, compare the package name after install, and refuse permissions a card game does not need.

Listings show: Sep 24, 2026 (date label on allyonobonus.net). There is no published changelog to confirm what changed.

File details on the listing: 61 MB; version 1.6.5; Android 5.0+.
