Remove the installer file once Spin 101 is on the phone, and turn the unknown-source setting back off.

Other Spin-named listings and close matches by category: Spin Winner (the same headline, 3.1 MB smaller); Spin 777 (the same headline, 20.6 MB smaller); Spin Crush (a headline â‚¹300 higher, 33.9 MB smaller). Names close to Spin 101 suggest similar templates more often than similar payout behaviour; we do not assume either way.

Who Spin 101 suits: readers who treat slots as paid entertainment with a hard session budget. Spin 101 is not for you if the money matters, if you are under 18, or if the publisher stays anonymous after you check.

What the Spin 101 numbers can tell you

The advertised ceiling on Spin 101 is â‚¹450. The listed withdrawal floor is â‚¹100, about 22% of that ceiling. Reaching the floor is not the same as being able to withdraw the headline amount.

The listed file is 56.1 MB, 16.6 MB larger than the Slots & Arcade median of 39.5 MB.

The listing names version 1.0. If the file you receive shows a different version on first launch, treat that as a different build of Spin 101.

Two of the three directories we compare have a page for Spin 101. They can still disagree on the bonus or the file size, so read both before treating either figure as settled.

Figures come from public listing snapshots we re-check. They are advertisements, not a payout we watched.
