About the creators: Rummy Rush is developed by Beach Bum — a passionate team dedicated to bringing classic card games to life. The app includes popular modes related to traditional Rummy variants, such as Rummy 0, Rummy 30 (similar to Scala 40), Scala 40, Kalooki, Romini, and Contract Rummy.

Simple rules, deep strategy: The rules are easy to learn, but the strategy is rich. Skilled players track discards, form efficient melds, and discard smartly to “meld out.” With practice you’ll master the tactics and enjoy deeper, more rewarding matches with family and friends.

How to play (quick tip): Top players plan carefully: watch the cards leaving the table, decide which cards to keep or discard, and aim to meld all your cards before your opponents. Good memory and disciplined play make all the difference.
