The Top Rummy card opens with a 4.6 rating, and with 320K+ installs on the record, the listing tells a consistent story: a room many players have tried and most have rated well. Top Rummy sits in the Best Rummy Picks category, and the welcome side matches the billing with Rs.51 in join credit.

What does the Top Rummy listing actually say?

The headline figures are simple enough. New players register into Rs.51 of join credit, and the minimum withdrawal is ₹100—the line your balance must cross before a cash-out request is entertained. Money moves by UPI or Net Banking, and those are the only channels named, so there is no card line and no wallet line in the payment section. The build in circulation is v3.0.1, refreshed in May 2026, and the install footprint is 42 MB.

Note Top Rummy's rules

Before installing, run the checklist:

- Confirm you are 18 or over before registering
- Register with the Rs.51 join figure in view
- Keep the ₹100 minimum withdrawal in mind before cashing out
- Fund the account via UPI or Net Banking only

The arithmetic of Top Rummy is quick: Rs.51 in, ₹100 out, 320K+ installs behind it, and a 4.6 rating on top. The May 2026 build keeps it current, and the payment rails stay inside UPI and Net Banking. Whether the Rs.51 credit is enough to pull you in is your call, and the facts above are everything the listing has to offer.

That ends the listing note. The Blog offers more reading, and Privacy and Terms hold the small print.

The Top Rummy entry records a 4.6 rating and 320K+ installs, meaning the directory shows more than 320,000 installs for the app. Both figures are captured values from the listing rather than live numbers, so they reflect the state of the entry at capture time.

The Top Rummy listing names UPI and Net Banking as its payment methods, with nothing else recorded in the entry. Cards, Paytm, and wallet options are not mentioned, so players would expect to use UPI or Net Banking for deposits and withdrawals, as accepted by the operator.

The Top Rummy listing records a ₹100 minimum withdrawal. That is the cash-out floor shown in the entry. Since the operator controls the actual threshold, checking the linked destination before requesting a withdrawal is the prudent step.

The Top Rummy entry lists version v3.0.1, refreshed May 2026, with a package size of 42 MB. The download link goes to the operator's site rather than a store. These details are exactly as the directory records them.
