- Woho: mid club lobby
- What the listing does not prove
- Bonus and floor
- Sort against nearby club rows

Snapshot: rolling Latest, 45 MB , up to â‚¹555 , floor â‚¹100 . Brand label only – no company address on the listings we read.

45 MB matches several Diwa Wow / club rows, so size alone will not separate them – lean on offer-screen figures (â‚¹555 here) and the host you trust.

Woho does not publish a stable package string on our trio. A matching icon on Telegram is not identity. After install, copy App info and keep package + version + size.

â‚¹555 vs â‚¹100 needs the usual wagering read. Screenshot Promotions and Withdraw before any deposit. Refuse SMS / accessibility permission grabs.

Compare with Diwa Wow , Dhan and Club INR when icons look alike. Guides: source safety Â· why Yono apps look alike . Re-check: 28 Oct 2026. 18+ only.

What the listing supports

- â‚¹555 ceiling is a usable offer-screen fingerprint.
- Standard club soft fields complete.
- Grouped against Wow / Club INR for sorting.
- Honest brand-label caveat.

Limits of this listing

- Rolling version.
- Package unknown.
- Size overlaps other 45 MB club rows.

- No watched payout.

Listing snapshot

Compare this listing: withdrawal thresholds Â· all Yono Clubs apps

What the Woho numbers can tell you

The advertised ceiling on Woho is â‚¹555. The listed withdrawal floor is â‚¹100, about 18% of that ceiling. Reaching the floor is not the same as being able to withdraw the headline amount.

The listed file is 45 MB, 3 MB larger than the Yono Clubs median of 42 MB.

The version line says Latest, with no build number. Two files can both be called Woho and still not be the same build.

One of the three directories we compare has a page for this name. A second page quoting the same size and the same â‚¹555 is the cross-check this listing does not have.

Figures come from public listing snapshots we re-check. They are advertisements, not a payout we watched.

Closest Yono Clubs listings

The three listings in this group with the nearest advertised bonus. Every figure is that app's own claim.

Things to check before you install

Check level: Extended On our checklist, Woho comes to 7 of 9, which is the extended level.

What we noticed in the listing

- Format: chance-based or club-style lobby (quick rounds, so a budget helps)
- Listed on 1 of 3 reference directories we compare
- No fixed build number published, so a file cannot be matched to a release

Worth knowing

- OTP sharing.
- Contact-list referral grabs.

Details that would help

- A second independent directory listing the same package name and size
- A fixed version number tied to a release date

Based on listing data and public information. How check levels work Â· Report or correct

Woho: install and wallet checks

- Download only from a host you can name. Listed size for Woho is 45 MB â€” a large gap is a stop sign.
- No fixed build is published for Woho; after install, compare package name and size in App info. Listings say: mobile OTP login; expect a PAN or bank-account check at the first payout request
- Screenshot the offer (Up to â,¹555) and the Withdraw floor (â,¹100) before any deposit. Match UPI or bank holder name to registration. Note which lobby tiles share a wallet or promotion.

Not from our labelling. Different brand token on this site.

28 Oct 2026.
