Download Rush Gala APK for Android

New in November 2026 and rummy-first: a ₹48 signup bonus, ₹100 UPI or bank withdrawals and promised Salon rooms for friends.

18+ only. Real-money games carry financial risk. Read the legal notice at the end of this page.

Rush Gala is a rummy-led Android gaming app that we added to our list on 23 November 2026. Our details table lists a ₹48 signup bonus and a ₹100 minimum for withdrawals, paid by UPI or straight to a bank account, and its promo site points to Salon rooms for playing with people you know, such as friends and family. The official download page, titled "Join in Rush Gala!", says "Play over 60+ Games and Win Cash" and puts rummy on the first of its game tiles.

Before you install, check four things: that the Rush Gala APK you found is genuine, what the bonus asks before it turns into cash, how a ₹100 payout reaches a UPI ID from Paytm, PhonePe or Google Pay, and where India's 2025 gaming law leaves a player.

Rush Gala Bonus Offers, Listed One by One

The ₹48 signup bonus for new accounts comes from our details table. The download page itself prints no rupee amount: its bottom bar says "Two Welcome Bonus" and a green header button reads "WELCOME BONUS 2X". Read the bonus screen inside the app for the current terms.

Every item here is bonus money rather than cash, and it becomes withdrawable only after you have staked a set total, known as the play-through or wagering target. The app sets that target and can change it, so we quote no figure. Use the ₹48 to try a few low-stake tables, and read any "up to" amount as a ceiling, not a promise. Our bonus guide explains how wagering works and what to compare between offers.

Rush Gala Withdrawal: ₹100 Minimum, UPI or Bank

Our details table puts the minimum withdrawal at ₹100, and the app's withdrawal screen lists the current limit and payout methods. The rushgala.com site says winnings go "directly to your Bank Transfer / UPI Transfer". When UPI is offered, a UPI ID created in Paytm, PhonePe or Google Pay can receive the payout like any other, since every UPI ID is tied to a bank account. A direct bank transfer needs your account number and IFSC instead.

The same site promises "Instant Withdrawals", which we cannot test, so let your first Rush Gala withdrawal be the test: clear any bonus play-through, choose a payout UPI ID or bank account under your own name, and request only ₹100. Note the order ID. If it still says pending a day later, email support (address below) with

the order ID plus a screenshot. Our withdrawal guide covers pending, failed and rejected requests.

Money goes in through Add Cash, but banks may refuse such payments under the 2025 law. Only add what you could lose without trouble.

Two Websites, and the One That Matters

The download page sits at rushgala.club, and rushgala.net plus the www versions of both show the same page. Our Download button opens it, the only source we recommend.

The second site, rushgala.com, is a promo page. It lists bank and UPI withdrawals, a Salon Club, a VIP Club and the support email, but it is built on a reused template: some of its text describes an unrelated fantasy cricket app, and its star ratings, download counts and winner stories cannot be checked. It even says 25+ games where the download page says 60+, so go by the lobby you see after installing.

How to recognise the genuine download page:

- Logo: big gold "RUSH" letters on a dark green rounded square, a lighter green diamond behind them, and a white "GALA" plate below with a black spade at each end.
- Tab title and tagline: the browser tab shows "Join in Rush Gala!", and "365 Days of Non-Stop Cash Drops" sits under the name.
- Address: rushgala.club or rushgala.net.

Leave a site at once if its logo differs, if it stamps a "latest version" number of its own on the file or if it wants an install fee.

Getting the Rush Gala APK on Android

Rush Gala comes only as an Android installer file (APK). Nothing on the download page points to a Play Store listing or an iPhone app.

- Tap our Download button, in the box with the logo above. Your browser then loads the official Rush Gala download page.
- Hold on briefly while a short animation plays; the download button appears once the page has fetched the APK link.
- Press it and let the file download completely.
- Tap the downloaded APK in your notifications or file manager. If Android blocks it, switch on the "Install unknown apps" setting for the browser you used (its place varies by phone) and try again.
- Make sure the install screen says Rush Gala, tap Install, then open the app and sign up.

Our Download button includes a referral code, which the official page attaches to the APK download, so get the file there, not from a copy forwarded on WhatsApp that may not be genuine. If Android shows "App not installed" or cannot parse the package, see our APK install fixes ; the phone settings are explained in our Yono APK download guide .

Signing Up, and a Word on Family Accounts

Sign up in the app with a mobile number you will keep. Spell your name the way your bank or UPI account shows it, so the profile and the payout account agree. If relatives want to play too, each should have their own account; check the app's terms before a second account goes on the same phone.

A friend's invite previews on WhatsApp as "Enter my referral code and get 100 coins!", with the code built into the link. Install from that link so the code is carried through. For login loops or an OTP that never comes, see our login problems guide .

Rummy Comes First: The 13-Card Rules in Short

Rummy takes the first of the eight game tiles on the download page, and rushgala.com mentions Points Rummy with daily tables and tournaments. Check other formats, entry amounts and table rules in the lobby before you join.

In Indian rummy you are dealt 13 cards and must place all of them in valid groups:

- Sequence: a run of at least three cards in one suit, such as the 8, 9 and 10 of spades.
- Pure sequence: a run with no joker in it. Without one the hand cannot be declared, and you also need a second run, where a joker is allowed.
- Set: three or four cards with the same rank, all in different suits.
- Declaring: once every card is grouped, discard the spare one and show your hand. A mistake in any group means a heavy points penalty.

Points Rummy is settled in a single deal. Our rummy rules guide shows sample hands. Careful play helps over many deals, but the shuffle still decides plenty, so set a spending limit before you sit down.

Salon Rooms for Friends and Family

The promo site, rushgala.com, lists a "Salon Club", and its rummy blurb invites you to "Join daily tables & tournaments as well as Salon room to play with your friends!" Going by that page, a Salon room is a private room you open for people you know, so it is the feature to look for if you want a game with friends or family. It does not explain invitations, supported games or costs, so check those in the app. Real money is still at stake, so agree on small amounts and keep anyone under 18 out.

Teen Patti, Poker, Ludo and the Quick-Bet Games

After rummy, the download page shows seven more game tiles, and the phone screen in its banner adds slot and crash tiles such as Aviator:

- Teen Patti: three cards each and rounds of betting; you control the bets, not the deal.
- Texas Poker: two hole cards plus five community cards, where reading the table counts.
- Domino: matching the ends of tiles, turn by turn, at a slower pace.
- Ludo: the familiar dice race around the board, here played for money.

- Dragon & Tiger and Andar Bahar: pick a side and the cards decide, with no skill involved; our odds guide for these two games shows the numbers.
- 7 Up Down: you bet on whether two dice land under 7, on 7 or over 7.
- Slots and Aviator: pure chance. In Aviator a multiplier climbs until it suddenly stops, and you win only if you cashed out before that.

The promo site adds Crash, Wingo Lottery, Jhandi Munda and Roulette. Our hacks and tricks article shows why no predictor app or timing trick beats any of them.

Customer Care: One Email and In-App Help

The download page's side panel is empty: it links no Telegram, WhatsApp, live chat, phone number or email. The one contact we found sits in the rushgala.com footer, which promises "24/7 Online Customer Service" and gives the address . Our catalogue also lists in-app help. When you write, include your user ID, any order ID and a screenshot.

Treat every "Rush Gala customer care number" you find online as unofficial, since neither site lists a phone line, and do not read out an OTP or type your UPI PIN for anyone who claims to be support. Our customer care guide describes how fake helplines work.

When the Download or a Payout Gets Stuck

If the installed app will not start at all, read our guide to Yono apps that stop opening .

Is Rush Gala Real or Fake?

Rush Gala is more than a name: it has a working download page, a promo site and a support email. That makes it real, not proven. It joined our list only in November 2026, it holds no Indian licence, its fair-play and "ISO Certified" badges come with no audit we can check, and there is no payout record to judge yet.

The badges do not change the law. Online money games are banned across India by the Promotion and Regulation of Online Gaming Act, 2025. That law's rules have been in place since 1 May 2026. It is an offence to offer or promote such a game, banks may block the payments, and a player who goes unpaid has no licensed operator, regulator or compensation scheme to appeal to. - Rummy on the first tile, with 60+ games claimed in total
- ₹48 signup bonus, plus "Two Welcome Bonus", cashback and referral coins
- ₹100 minimum withdrawal by UPI (Paytm, PhonePe, Google Pay) or bank
- Salon rooms for playing with friends and family, per rushgala.com
- Listed only from November 2026, so its payout record is still blank
- One support email, and no chat linked on the download page
- A promo site with reused template text and unverifiable claims

- Android APK only, and the 2025 Act bans online money games in India

Rush Gala, Weighed Up

Rush Gala's appeal is easy to state: rummy on the first tile, a ₹48 signup bonus, ₹100 withdrawals by UPI or bank, and Salon rooms that its promo site says let you play with friends. Against that stand one support email, a promo site full of claims nobody can check and no payout history. If you choose to play in spite of the legal position, install the Rush Gala APK only from the official page through our Download button, keep your first deposit small and make a ₹100 withdrawal your first test. What You Need to Play Rush Gala

Rush Gala FAQs (Frequently Asked Questions & Answers)

Our details table lists ₹48 as the signup bonus for a new account. The download page itself only says "Two Welcome Bonus", so the app's bonus screen has the current terms. The ₹48 is bonus balance, and you must meet its play-through target before it can be cashed out.

Yes, through UPI, if the withdrawal screen offers it. A UPI ID made in Paytm, PhonePe or Google Pay works like any other UPI ID, and a bank transfer is the alternative. The minimum is ₹100. Withdraw to an ID or account held in your own name, and clear any bonus play-through before you ask.

The rushgala.com promo site says you can use Salon rooms "to play with your friends", but it gives no room rules, so check in the app how invitations and stakes work. Every player needs to be an adult, and small stakes keep a family game friendly.

The basics check out: the download page at rushgala.club is live and the promo site lists . It is not proven, though. The app is new, has no Indian licence and no payout record, so download only from the official page and see a ₹100 withdrawal arrive before you put in more.

Not if you are playing for money. Under the Promotion and Regulation of Online Gaming Act, 2025, online money games such as cash rummy and Teen Patti are banned, and its rules started applying on 1 May 2026. The download page's "100% Secure&Legal" badge is a claim the app makes about itself; no Indian licence or regulator stands behind it.

- Important Legal Notice

India's Promotion and Regulation of Online Gaming Act, 2025 bans offering, advertising and processing payments for all online money games. Its rules came into force on 1 May 2026, and some states restricted these games even earlier. Check the law that applies to you before you download or deposit. Read our legal guide .

What Players Say About Rush Gala

See why players choose Rush Gala through real experiences from our growing community.

I start with the game list. Rush Gala highlights Domino and lists 60+ games in the lobby, so I would check the exact table and rules before choosing a game.

On Rush Gala, the page lists ₹48 signup bonus. I would read the eligibility, play-through and withdrawal conditions before treating the bonus as usable balance.

For cash-out planning, Rush Gala lists a ₹100 minimum withdrawal and support through Email. I would confirm KYC and processing details before adding funds.
