SVIP 777: tiny APK, VIP wording

Tracked row: rolling version label, 23 MB , advertised up to â‚¹251 , floor â‚¹100 . SVIP and 777 are prestige tokens – not proof of a real VIP club, escrow account or audited RNG.

A 23 MB download can still request SMS, accessibility or overlay permissions. Size is a mismatch fingerprint against heavier 777 rows, not a safety score.

Anti-collision checklist

- Yn777 – cash directory row vs Play spin titles; Play CTA omitted there on purpose.
- Diwa 777 – 45 MB Diwa-labelled club row with a â‚¹450-class ceiling.
- Hindi 777 – fixed version 1.0.1 at 58.1 MB.
- SVIP 777 – 23 MB tiny-file angle with a â‚¹251-class ceiling.

Match size near 23 MB and offer near â‚¹251 before you trust the icon. Refuse contact-list referral grabs. Source checklist: download-source safety . Re-check: 28 Oct 2026. 18+ only.

What the listing supports

- Unusually small 23 MB file is a strong mismatch fingerprint.
- â‚¹251 ceiling is a distinctive soft field.
- Clear separation from other 777 rows.
- Complete floor/payout soft fields.

Limits of this listing

- Rolling version.
- Package unknown.
- VIP wording is marketing.
- Tiny APK can still be high risk.

Listing snapshot

Compare this listing: withdrawal thresholds Â· all Yono Clubs apps

What the SVIP 777 numbers can tell you

The advertised ceiling on SVIP 777 is â‚¹251. The listed withdrawal floor is â‚¹100, about 40% of that ceiling. Reaching the floor is not the same as being able to withdraw the headline amount.

The listed file is 23 MB, 19 MB smaller than the Yono Clubs median of 42 MB.

The version line says Latest, with no build number. Two files can both be called SVIP 777 and still not be the same build.

One of the three directories we compare has a page for this name. A second page quoting the same size and the same â‚¹251 is the cross-check this listing does not have.

Figures come from public listing snapshots we re-check. They are advertisements, not a payout we watched.

Closest Yono Clubs listings

The three listings in this group with the nearest advertised bonus. Every figure is that app's own claim.

Things to check before you install

Check level: Extra On our checklist, SVIP 777 comes to 5 of 9, which is the extra level.

What we noticed in the listing

- Format: chance-based or club-style lobby (quick rounds, so a budget helps)
- Listed on 1 of 3 reference directories we compare
- No fixed build number published, so a file cannot be matched to a release

Worth knowing

- â‚¹251 vs â‚¹100 still needs wagering math.
- Refuse SMS grabs on first launch.

Details that would help

- A second independent directory listing the same package name and size
- A fixed version number tied to a release date

Based on listing data and public information. How check levels work Â· Report or correct

SVIP 777: install and wallet checks

- Download only from a host you can name. Listed size for SVIP 777 is 23 MB â€” a large gap is a stop sign.

- No fixed build is published for SVIP 777; after install, compare package name and size in App info. Listings say: phone sign-up; PAN/bank checks at withdrawal time
- Screenshot the offer (Up to â,¹251) and the Withdraw floor (â,¹100) before any deposit. Match UPI or bank holder name to registration. Note which lobby tiles share a wallet or promotion.

Not from the listing alone. Prestige tokens are marketing.

A 23 MB download can still request SMS, accessibility or overlay permissions.

28 Oct 2026.
