Yono Arcade is the variety app of the Yono family, bundling rummy, slots, a fishing shooter and small arcade games into one real-cash download. It suits players who want several game types under a single wallet rather than a focused rummy or slots app. The signup bonus works across all of them.

Multiple arcade games

Rummy, slots and a fishing shooter share one lobby and balance.

Shared signup bonus

The welcome credit can be spent on any game inside the arcade.

One-wallet payout

Winnings from any game collect into a single UPI withdrawal.
