Yono Slots advertises up to â‚¹450 and lists 67 MB for the download. Directory coverage is 2 of 3 (rummystores.com, alldiwa.com).

Yono Slots is listed as a slots and arcade app, where outcomes are chance-based and a session budget is the main control you have. Inside the Yono-named group (6 listings) its ceiling ranks 3, so the name alone does not tell apps apart. A second listing helps compare Yono Slots, but both pages could repeat the same promotional copy.

The headline for Yono Slots is up to â‚¹450 (level with the Slots & Arcade median of â‚¹450; rank 5 of 24). That ceiling is a promotional figure for Yono Slots, not a promise of what is credited.

The minimum withdrawal on the listing is â‚¹100 (UPI, bank transfer).

A typical first session with Yono Slots goes: install, sign up with a mobile number, receive the offer (up to â‚¹450), then play or deposit. On KYC, the Yono Slots listing says: Mobile OTP login; expect a PAN or bank-account check at the first payout request. Before putting money into Yono Slots, screenshot the offer terms and the rules for cashing out. The payout routes named are UPI, bank transfer; use a UPI ID or bank account held in your own name, since a name mismatch is a common reason a first withdrawal stalls.

The listed package for Yono Slots is 67 MB, heavier than the 42 MB median for Slots & Arcade listings. It needs Android 5.0+. The version field for Yono Slots is a rolling “Latest” label with no fixed number, so there is no build to match against. Freshness shown for Yono Slots: No release date published; listing re-checked 15 Oct 2026.

For Yono Slots, start by confirming who is offering the file. A page offering Yono Slots that names nobody, borrows an icon or shows a countdown tied to a â,¹ reward is a warning sign. Our download-source guide lists the steps for checking the Yono Slots file.

Once Yono Slots is installed, revoke the unknown-source permission you granted and remove the downloaded file.

Closest matches in our directory, including same-name siblings: Yono Arcade (a headline â,¹401 lower, 33.1 MB smaller); Yono Rummy (a headline â,¹50 higher, 33 MB smaller); Yono 777 (the same headline, 28 MB smaller). Compare the terms of Yono Slots side by side with its neighbours rather than trusting a brand name.

Possibly suits readers who treat slots as paid entertainment with a hard session budget. Yono Slots is not for you if the money matters, if you are under 18, or if the publisher stays anonymous after you check.

Everything above about Yono Slots comes from directory pages checked on 2026-10-15. Confirm figures in the app.

What the listing supports

- Payout routes are described: UPI, bank transfer.
- Listed on 2 of the 3 reference directories (rummystores.com, alldiwa.com), so figures can be cross-checked.
- The listing states a withdrawal floor (â,¹100), so you know what to look for.
- Registration is described as a short phone-number flow.

Limits of this listing

- Distributed outside the Play Store, so updates are not automatic.
- No independent check of fairness or payout speed that we could find.
- No company or registered address is named on the listings we read.
- The version is a rolling label, so you cannot confirm you have the file anyone reviewed.

What the Yono Slots numbers can tell you

The advertised ceiling on Yono Slots is â,¹450. The listed withdrawal floor is â,¹100, about 22% of that ceiling. Reaching the floor is not the same as being able to withdraw the headline amount.

The listed file is 67 MB, 27.5 MB larger than the Slots & Arcade median of 39.5 MB.

The version line says Latest, with no build number. Two files can both be called Yono Slots and still not be the same build.

Two of the three directories we compare have a page for Yono Slots. They can still disagree on the bonus or the file size, so read both before treating either figure as settled.

Offer screens sometimes hide the wagering multiple. Copy that number from Yono Slots before you treat â‚¹450 as cash. How wagering works .

Figures come from public listing snapshots we re-check. They are advertisements, not a payout we watched.

The three listings in this group with the nearest advertised bonus. Every figure is that app's own claim.

Things to check before you install

Check level: Extra Yono Slots has a check level of extra (6 of 9 on our checklist).

What we noticed in the listing

- Format: chance-based or club-style lobby (quick rounds, so a budget helps)
- No fixed build number published, so a file cannot be matched to a release
- No release date published, only our re-check date

Worth knowing

- A UPI or bank name that does not match your Yono Slots account is a common reason a first payout stalls.
- Refer-and-earn in Yono Slots asks you to invite friends; never share OTPs or contact lists.

Details that would help

- A fixed version number tied to a release date
- A named company, address and grievance contact for Yono Slots

Based on listing data and public information. How check levels work Â· Report or correct

Lean checklist for Yono Slots

- Download only from a host you can name. Listed size for Yono Slots is 67 MB â€” a large gap is a stop sign.
- No fixed build is published for Yono Slots; after install, compare package name and size in App info. Listings say: mobile OTP login; expect a PAN or bank-account check at the first payout request
- Screenshot the offer (Up to â‚¹450) and the Withdraw floor (â‚¹100) before any deposit. Match UPI or bank holder name to registration. Cap spins or minutes before raising stake.

The listings give up to â‚¹450, 67 MB and a rolling version label for Yono Slots. With 2 of 3 directories carrying it, these are claims rather than confirmed facts (check level: Extra).

â,¹100 is the figure on the listing (UPI, bank transfer). The listings do not say if the floor changes by method or for bonus balance.

No app can be called safe from a listing alone. For Yono Slots the listings show a file outside the Play Store, 2 directory page(s) and a 67 MB package. Verify the publisher, package name and permissions first.

No release date is published for Yono Slots; we only record that the listing was re-checked on 2026-10-15.

Yono Slots lists 67 MB, a rolling build label, and Android 5.0+. A mismatch between your download and the 67 MB listed for Yono Slots is a reason to be wary.
